

O 5.4 - O 5.8

O 5.4

O 5.8

O 5.6

- 3 compact model sizes from 2.4 up to 5.7 CFM
- Ultimate pressure 2.25 / 1.5 TORR
- Small dimensions, low weight, easy to integrate
- Gas ballast valve (from O 5.6 and above) for ultimate pressures of 3.0 mbar abs.
- Pump types O 5.4 and O 5.6 specially developed for the demands of table packaging machines
- Pump type O 5.6 as a very robust solution for various demands in the entire industry
- Available in different motor voltages for worldwide operation
- Highly efficient oil separator element for the most effective oil separation
- Ideally suited for vacuum packaging of food (meat, fish, meat products, cheese ...)
- In addition to the extended accessory range, the development of customized pumps, even for small quantities, belongs to Becker's core competencies

	O 5.4		O 5.6		O 5.8	
	50 Hz	60 Hz	50 Hz	60 Hz	50 Hz	60 Hz
CFM nominal air flow	2.4	2.8	3.8	4.4	4.7	5.7
TORR	2.25	2.25	1.5*	1.5*	1.5*	1.5*

* 2.25 TORR with gas ballast valve

NOTE: Data indicates a product line range. Performance of some models may be limited.
