THE SUPPORT YOU NEED  
FROM BECKER PUMPS  
**REPAIR CENTER**

## The Becker Factory Repair Center • Cuyahoga Falls, Ohio

### Factory Repair & Refurbishment Services

Becker headquarters is the premier Repair Center in the U.S. providing fast turnaround, competitive pricing and peace of mind that the job will be done right. **Receive a full one-year warranty on all repairs done at our facility.**

Our repair specialists are factory trained to service the full line of Becker pumps, systems, blowers and compressors. We use only genuine, original manufacturer's replacement parts ensuring the longevity and performance of your pump.

Upon receipt of your pump, we'll provide a full estimate of the work and lead-time required to restore your pump to optimal performance.

We house a multi-million dollar inventory of genuine replacement parts at our Cuyahoga Falls Factory Repair Center so that we have the right components on hand to service and repair your pump quickly and accurately.

Once the repairs are complete, each pump is tested prior to shipping and certified by our technicians.

### We Use Becker Genuine Parts
